DETAILED ACTION

REASONS FOR ALLOWANCE

1. These comments are made in addition to the remarks in Applicant's specification and arguments, concerning the manner in which the invention distinguishes from the art discussed therein. The Examiner notes that the prior art does not disclose or suggest the claimed combination including particularly a concrete chute with a liner inserted between a pair of lips attached to rail tubes and the body of the chute, said liner having a pair of notches formed therein, said notches sized to receive each of two hooks, said hooks enabling at least two concrete chutes with liners to be attached end-to-end. The prior art lacks this structure or anything equivalent to it.

The foregoing is an Examiner's Statement of Reasons for Allowance.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeffrey A. Shapiro whose telephone number is (703)308-3423. The examiner can normally be reached on Monday-Friday, 9:00 AM-5:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Donald P. Walsh can be reached on (703)306-4173. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
